

SIGNAGE REQUEST

To: **MEMBER OF THE BOARD OF DIRECTORS**

Date: _____

From: _____

Lot #: _____

I am requesting to display new signage on my lot and/or golf cart. Please describe the signage:

Is this a permanent sign? If not, what is the duration of time of display:

What is the dimension of the sign?

Where will the signage be located?

Reasons why I should be granted a variance for this:

Country Roads variance process is entirely separate from the requirements of the City of Yuma and you must comply with both. You are independently bound to all the Rules & Regulations and the CC&R's of Country Roads regardless of the requirements of the City of Yuma.

It is your responsibility to obtain any required City of Yuma, or other governmental agency permits.

Country Roads R&R's and CC&R's are in full force and effect notwithstanding this variance, if granted, and will be fully applicable in the future.
